Push Pens

Overview

Don’t allow a network failure! Prevention is as simple as cleaning connectors. The Fiber Optic Push Pen is an easy to use option for cleaning connectors on jumpers and in adapters. Simply insert the cleaner into an adapter and push until an audible “click” is heard. The Fiber Optic Push Pen uses the mechanical push action to advance an optical grade cleaning tape while the cleaning tip is rotated to ensure the fiber end-face is effectively, but gently cleaned.

Features

- Disposable with 800+ cleans per unit
- Anti-static system to minimize contamination
- Non-fraying cloth design
- Cleaning system rotates 180 for a full sweep
- Audible click when engaged
- FC/SC/ST Cleaner Pen, Universal 2.5mm
- LC/MU Cleaner Pen, Universal 1.25mm

Applications

- Fiber termination panels and assemblies
- FTTX applications
- Testing laboratories

Clebox

Overview

The Clebox is an essential accessory to maintain and guarantee clean fiber optic connections. It is the best non-alcohol cleaning method for various fiber optic terminations which is simply and swiftly used. Similar to a Cle-Top but at a fraction of the cost. Reduces it’s cost by using a sliding advance mechanism instead of a spring mechanism. Suitable for connectors such as SC, FC, MU, LC, ST, D4 , DIN, E2000. Replacement cleaning reels available.

Features

- Disposable box
- Special non-alcohol antistatic superfine fiber
- Easy to replace cleaning cartridge
- Dimensions: 115mm × 79mm × 32mm

Applications

- SC, FC, ST, MU, LC, MPO, MTRJ (without pins)

Fiber Optic Cleaner Pen for MPO/MTP

Overview

The MPO Cleaner is a high-performance device designed for cleaning the ferrule end-faces of MPO & MTP connectors. Cost effective tool for cleaning fiber end-faces without the use of alcohol. It saves time by effectively cleaning all 12 fibers at once. The MPO connector cleaner is designed to clean both exposed jumper ends and connectors in Adapters.

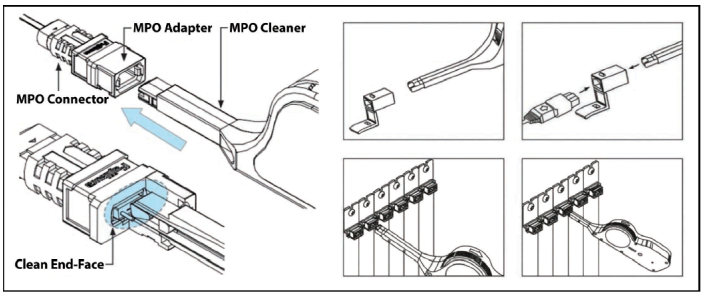

Features

- Effective on a variety of contaminates including dust and oils
- Intermateability with FOCIS-5 (MPO)
- Capable of cleaning ferrules with or without guide pins
- Capable of cleaning MPO ferrules inside or outside an MPO adapter
- Narrow design reaches tightly spaced MPO adapters
- Easy one-handed operation
- Up to 500 cleans
- Low cost per clean

Applications

- Clean multi-mode and single-mode (angled) MPO connectors
- Clean MPO connectors in adapters
- Clean exposed MPO ferrules
