19” Ring Cable Manager

1U with 5 plastic rings

A BELDEN BRAND

Features & Benefits

- Secures and retains patch cables
- Maintains proper bend radius
- Cable transition from horizontal to vertical channels
- Standard size for mounting in 19” racks and cabinets
- Modern design and simplicity of mounting

Overview

PPC’s 19” 1U ring cable manager is constructed using steel and finished in powder coated grey, with 78mm deep plastic rings. The cable manager’s ring guides allow patch cords to exit at any point and provide a pleasing look to the cabinet. The cable manager is designed for use in 19” rack environments for managing patch cords that are connected between patch panels and the network switch. It’s recommended that one cable manager is mounted between every patch panel or network switch. The cable manager is designed to meet EIA-310-E standards and is compatible with any 19” rack or cabinet. PPC’s cable management products deliver excellent cable management support when used in conjunction with other PPC 19” products.

Applications

- Standard 19” rack compatible
- Data Centers & MDF/IDF racks and cabinets
- Used between patch panel and network switch in racks and cabinets

Standards

- IEC 60297-3
- EIA-310-E
- DIN 41494-1, 7
