

### The Carefree Package

The Connectivity Center offers one-stop-shopping for development, production and implementation of intelligent wiring solutions, such as electronic field bus components, connectors and distribution boxes for all applications in industrial automation technology and complete wiring concepts for mechanical engineering and production systems.

### Our Strengths

- Know-how** in creating robust/pluggable connections
- Know-how** in the area of synthetic materials/plastics and processing
- Know-how** in cable development and production
- Know-how** in interface management
- Know-how** in miniaturization
- Know-how** in the area of modern bus/ethernet technologies
- Know-how** in the field of tool construction and modification

### Get in Touch or Better yet... Challenge us

We invite you to put us to the test. Make your next challenge our partnered success. We're looking forward to providing you with a superior solution that will open a whole new range of opportunities, both technological and business-wise.

Please call

## Your Connection to Custom-made Solutions

**Belden  
Connectivity  
Center**

Economic connectivity solutions off the shelf and custom-made

### The Connectivity Center

When it comes to automation technologies we are the experts for quality connectors and wiring components. With an extensive Hirschmann™ Industrial Connectors and Lumberg Automation™ Connectivity product portfolio we can offer you a wide range of standard solutions.

**You require a specialized solution that does not yet exist or you have a problem with your current solution?**

Then you simply get in touch with our Connectivity Center: the new platform for custom-made solutions developed specifically for your needs. By combining all of our knowledge and internal resources we will deliver the exact solution you need to smoothen up your production process, warrant continuity and reduce Total Cost of Ownership.

**Be certain.  
Belden.**

### The Best Solutions ... Fast!

With a dedicated team of experts we can meet even the most demanding deadlines and technical challenges. Every month the Connectivity Center delivers approximately 100 customized solutions for customers worldwide. Some within just two weeks, hardly ever longer than three months. All solutions are guaranteed to have outstanding compact design, chemical resistance as well as high mechanical and electrical loading capacity.

### Combined Strength of Three Belden Brands

Belden® is a leader in the design, manufacture, and marketing of signal transmission products for data networking and a wide range of specialty electronics markets. Whenever necessary we combine the strength of all three powerful Belden brands: Belden®, Hirschmann™ and Lumberg Automation™

### Pushing Technology, Meeting Standards

**insights**  
**trends**  
**developments**

As a globally active technology leader we can translate the latest trends, insights and developments into custom-fit solutions that give you the competitive advantage you are looking for. Thanks to extensive prototyping and intensive testing in our own facilities you can be sure national and international standards are met. You can put our solutions straight to work.

### Add Value to Your Business

You can be certain we provide signal transmission solutions that make your company operate faster, better, longer, safer and more economically. It's our ambition to deliver all these benefits to you from a single source, building a lasting relationship that **adds** value to your business.
