Product Discontinuation Announcement – CloudRail.Box

Dear Valued Customer,

This letter serves as your formal notification that Belden is discontinuing the **CloudRail.Box**, effective November 12th, 2024.

In order to meet the latest market and technology trends, Belden is constantly developing innovative and high- quality products and variants that complement and optimize our existing portfolio. Every product has a defined life cycle, and our products are typically characterized by a very long availability on the market. However, product discontinuation becomes inevitable over a period.

Belden has a limited stock of this product to meet demand until the last delivery date.

As an alternative to the discontinued CloudRail.Box, we recommend the CloudRail.Box Max (942347001). This can be ordered through the standard ordering process.

The standard warranty terms apply to all products delivered up to the last delivery date. For more information on Belden’s Long Term Product Support Policy for Industrial Networking products, please visit **Long Term Product Support (LTPS)**. Active special contracts in place prior to the announcement date will be honored according to the terms of that contract, with regards to product availability, warranty, or support terms.

Discontinuation Milestones for the CloudRail.box:

Milestones	Date
Discontinuation Announcement Date	November 12, 2024
Last Order Date	November 30, 2024
Last Delivery Date	December 31, 2024
Last Maintenance Date	December 31, 2025

The delivery of this product will stop after the date of last delivery as outlined herein. Final orders can only be accepted on or before the last order date and are subject to the availability.

Thank you very much for your trust in our company and if you have any questions or remarks, please contact your local Belden sales representative.

Sincerely,

Hirschmann Automation and Control GmbH

i.V. Jeremy Friedman
Director of Product Management
